Bridgette Mayer Honored with Award

On October 18th Bridgette Mayer was honored by the NY & Philadelphia non-profit Helpusadopt.org with a Voice of Adoption Award at Overbrook Golf Club in Villanova. Founder, Becky Fawcett stated, "Bridgette's story, as detailed in *The Art Cure*, is devastatingly sad, but also beautiful, demonstrating her heroism and great strength. She uses her story to spread awareness about adoption, and to shed light on the difficulties faced by children waiting for a permanent home. It is because of this strength, and her commitment to help children who need to be adopted that we awarded Bridgette with The Helpusadopt.org 2017 Voice of Adoption Award. Nearly 200 guests attended Helpusadopt.org's Family Building Benefit on Wednesday, October 18th to celebrate the organization's 10th Anniversary. The evening began with a VIP Founder's Reception for 50 sponsors at which Bridgette spoke about her impressive career as a gallery owner and art consultant."
